

Committee for Spatial Information
Established in terms of section 5 of Spatial Data Infrastructure Act, 2003 (Act No. 54 of 2003)
Private Bag X833, PRETORIA, 0001 Tel (012) 312 9110 – Email: nsif@drdlr.gov.za

Invitation to a SASDI Workshop

Dear Stakeholder

The Education and Training Subcommittee for the Committee for Spatial Information (CSI) supports the CSI in achieving South African Spatial Data Infrastructure (SASDI) objectives through education and training of CSI and CSI Subcommittee members, data custodians and end users.

The Spatial Data Infrastructure Act, 2003, SDI Regulations and Compliance Guidelines are in place so the focus will now be on implementing the SASDI to create an enabling environment to support spatial decision-making.

The South African Spatial Data Infrastructure (SASDI) is established by Section 3 of the Spatial Data Infrastructure Act (SDI Act No. 54, 2003) as the national technical, institutional and policy framework to facilitate the capture, management, maintenance, integration, distribution and use of spatial information in South Africa.

You are invited to participate in a SASDI Workshop to find out more about the Committee for Spatial Information (CSI) and the work that its subcommittees are involved in to support stakeholders in the implementation of the SASDI. The workshop will be hosted at the FOSS4G conference to be held at St Johns College, Houghton, Johannesburg

Details of the workshop are as follows:

Date: 27 June 2017

Time: 9:00- 16:00

Venue: St Johns College, Houghton, Johannesburg

Maximum No of Delegates: 50

To request attendance kindly complete and return the attached RSVP Form on or before 16 June 2017 to nsif@drdlr.gov.za and copy Motlaupi.Letsoalo@drdlr.gov.za

Further details will be provided following confirmation of acceptance to attend.

Yours Sincerely

Maroane Chauke

Director: National Spatial Information Framework

Date: 12/05/17
